NACA Northern Plains Conference

Everyone's doing more with less these days, **Nick Venturella Music** included. That's in part why we're unfortunately not able to make it out to the **NACA Northern Plains Conference** this year, sorry.

However, we'll virtually be there as we follow and tweet using the Twitter hashtag **#nacanpl11**.

In an effort to help **you** do more with less, in terms of your budget dollars, we're offering the same kind of pricing discounts we would have offered at the conference, though we can't be there this year.

About Nick Venturella Music

You likely know that for the past 10 years **folk/pop singer/songwriter Nick Venturella** has been performing coffeehouse shows at colleges throughout the upper Midwest.

Nick Venturella continues to book his own performances, but he has also recently begun to represent the fun and exciting **acoustic rock duo Chris Schmidt Acoustic**. This guitar/vocal and drums duo plays stripped down versions of songs from your favorite '80s hair bands and more. Chris Schmidt Acoustic will certainly liven up your coffeehouse and small venue events.

The Entertainment

Nick Venturella: Folk/pop singer/songwriter

Plays: original music (think John Mayer meets Plain White T's)

Engagement: Nick is easy to work with, interacts well with audiences, shares stories about the origin of his songs and through his proven process he engages students to become a part of the show to help him write, often humorous songs on the spot or tell good-natured corny jokes keeping students interested and entertained while building a relationship over the course of 90 minutes.
